Visual Arts

In Term 4, Foundation students will explore a range of materials, techniques and art elements to create their own artworks. They will experiment with collage and painting while developing confidence in using different materials and working collaboratively to create a large-scale artwork for public display.

Years 1 and 2 students will build their understanding of art elements through painting, exploring watercolour and oil pastel techniques. They will also experiment with weaving and continue to develop their collaborative skills as they work together to create a large-scale artwork for public display.

Years 3 and 4 students will explore Cubism, developing an understanding of the techniques and art elements used by Cubist artists. They will apply their learning to create their own Cubist self-portrait and work collaboratively to produce a large-scale artwork for public display.

Years 5 and 6 students will develop more advanced drawing skills, including one-point perspective, colour and tone, to create the illusion of space in their artwork. They will apply these techniques to create detailed artworks while continuing to develop their ability to collaborate on a large-scale artwork for public display.

Through these experiences, students will develop their creativity, confidence, technical skills and appreciation of art, while learning to work both independently and collaboratively.

Social and Emotional Learning (SEL)

In Term 4 within Social and Emotional Learning classes the students will be learning about positive relationships.

Grade One and Grade 2 - the children will be learning how to recognise that sometimes conflict occurs in relationships. They will focus on appropriate ways of dealing with differences.

Grade 3 and Grade 4 - the children will be learning about resolutions to help solve conflict within relationships when they may arise.

Grade 5 and Grade 6 - the students will be learning how to describe the various causes of conflict and evaluate possible strategies nto address it.

Physical Education

This Term, our Foundation, Grade 1 and Grade 2 students will be getting involved in the exciting world of cricket! 🏏

Students will put their throwing and catching skills into practice while also learning how to strike a ball, developing their hand-eye coordination, movement skills and confidence along the way.

It is going to be an engaging, active and lots-of-fun Term for our younger students!

Our Grade 3–6 students will be getting stuck into an exciting new unit of Flag Football! 🏈

Cultural Studies

This Term in Italian Cultural Studies, our students will be exploring the amazing culture, history and traditions of Italy! 🇮🇹

We will be learning about a wide range of exciting topics, including Italian money, Ferrari, gondolas, the history of pizza, the Leaning Tower of Pisa, Italian soccer and Festa della Repubblica (Republic Day), which is celebrated on 2 June each year.

Students will have the opportunity to discover some of the fascinating stories, traditions and famous landmarks that make Italy such a unique and incredible country.

Specialist classes

Performing Arts

Welcome to Term 4 in Performing Arts!

This term is all about our End of Year Concert. Students have already begun to learn their dances, and in this term, we will continue to learn choreography, train our tricks, and become performance ready.

End of Year Concert details
Date: 1st December
Time: 4:30pm- 6:00pm (students required back at school at 4:00pm)
Cost: Gold coin donation per person
Location: GVPS gymnasium

Be respectful - Be Safe - Be a Learner - Be Kind
