Community Celebration

Thank you to the wonderful community of Gladstone Views for coming together on Tuesday evening to celebrate a wonderful year. It was terrific to see so many families and friends enjoying the casual atmosphere of the night and recognising the outstanding work that has been done by both students and staff over the year.

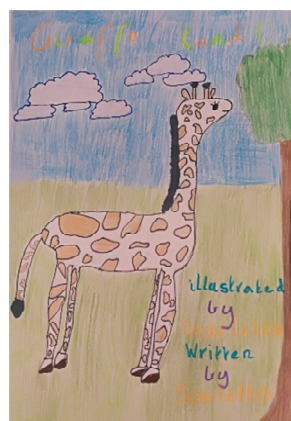

The concert performances by the junior school students were absolutely fantastic. The performances catered for both those students who just love to perform and those who are a little shy. The costuming was fantastic – thank you to all parents for the time and effort put in to ensuring the children looked fantastic.

A terrific mix of songs had the children twisting, rocking, splashing and singing happily on the stage, with the inclusion of real microphones being extremely popular with many of the children!

The night also provided an opportunity for students to showcase some of the mazing work they have been doing in classrooms and specialist areas this term.

The Prep team created a magical fairy tale display with every child depicted in scenes from The Three Billy Goats, Little Red Riding Hood and Jack and the Beanstalk (there was also a teacher hiding amongst the chickens!)

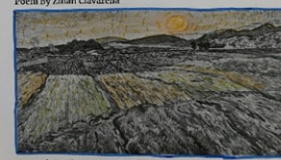

Students in year three to six presented mini-magazines on topics of personal interest, showcasing their writing and presentation skills. The attention to detail and high standard of work is a credit to both the students and their teachers. This work will remain on display over the next few days for families to come and enjoy. If you didn't have an opportunity to see the work Tuesday night it is certainly worth coming along this week.

Vincent's Art

The swirls create a world unlike any other.
A world where there is only happiness.
A world that Vincent wanted as his own.
His art was an invitation to another land.
A land of swirls and lines.
He was loved by all around him.
Vincent looks at you longingly,
Silently waiting to go to his world of happiness.
His portrait silently hangs on a wall in an old art museum.
Watching as people admire his work.

Artwork By Vincent Van Gogh

In addition to their magazines, the students in year three and four made dioramas depicting the habitat of animals they selected to study. These dioramas have been 'works in progress' for some time with students going to great lengths to source materials and use their knowledge to create impressive, finely detailed work.

Work from the Italian program was also a highlight of the evening with models and annotated pictures on display. Once again, the detail in this work reflected the high expectations of staff and the ability of our students to excel when precision is expected.
