Reading

How is reading with your child at home going?

Are you enjoying it?

Does your child love it?

Is reading valued in your home?

Are books visible in your home?

Does your child see you reading for work and pleasure?

Do you take family visits to the local library?

Are books part of birthday and Christmas presents in your home?

Are there books in the school Book Fair that interest your child?

Have you ever tried to make a book with your child? Create your own characters, set the scene, develop the plot, build the tension and add a fantastic, surprise ending! Add some drawings and pictures, a front cover, staple it together and you have A special book that will be read over and over and over again!

If you take on this task over the holidays, I would love to see your finished product. Come and read it to me in my office!

School Wide Positive Behaviour Support News

Over the last 2 terms students have explored our school values - Kindness, Resilience, Wellbeing and Integrity. They have been learning what each of these values mean and look like.

Alongside our school values, we have begun implementing a new framework called School Wide Positive Behaviour (SWPB). SWPB is a framework that assists schools to build a positive and safe learning environment and culture. It aims to assist schools to improve social, emotional, behavioural and academic outcomes for students. SWPB is an approach that focuses on teaching all students expected behaviours and pro social skills. Our expectations at GVPS are to be safe, be respectful and be a learner.
